08:15 – 10:00 p.m	<p><u>What should we do in times of increased right winger's influence in the Society?</u></p> <p>Increased media presence of right wingers and their continuous demonstrations and the latest success of AfD during the elections, shows that misanthropic attitudes are getting popular again. Since the beginning, free radios were always involved in creating Societies of solidarity working against right wingers.</p> <p>Jears ago it was hard to imagine that some small resentiments left in some parts of the Society could emboss the political atmosphere nowadays... Among this Background it is necessary to discuss what role could the free radios get. Including the discussion, which duties do they have to decrease the right winger's Influence.</p> <p>Albrecht Steinhäuser (Oberkirchenrat der Beauftragter der Evangelischen Kirchen bei Landtag und Landesregierung Sachsen-Anhalt, Mitglied der Versammlung der Medienanstalt Sachsen-Anhalt)</p> <p>Dr. Helga Schwarzwald (Geschäftsführerin des Verband Freier Radios Österreich)</p> <p>Michael Nicolai (Radio CORAX, AMARC Europe)</p> <p>Moderation Stephanie Scholz Radio CORAX / Halle</p>
